TABLE SCT IV

FLY LEAF

This table gives the number of persons belonging to different religions among Scheduled Castes and Scheduled Tribes. Part A of this table relates to Scheduled Castes and Part B to Scheduled Tribes.

SCT IV—Part A

As Scheduled Castes are found only among the Hindus and Sikhs, the persons under these two religions have been given. Among the Scheduled Castes, only 20 persons have been returned as belonging to Sikh religion in the whole State and these have been enumerated in the districts of Coimbatore, Tiruchirapalli and Thanjavur. This table is therefore published for the State and these three districts only. In the case of other districts, as all the Scheduled Castes belong to the Hindu religion, the caste-wise population is given in Table SCT I Part A.

The number of persons under these two religions has been given for each Scheduled Caste sex-wise with rural-urban break up.

SCT IV—Part B

Scheduled Tribes in the State have returned their religions as Christian, Hindu and Muslim. A few have not stated their religion. The State table and the tables for all the districts give the number of persons under each religion in each tribe, sex-wise with rural-urban break up. In the district tables, the religions which the Scheduled Tribes in the district have returned have only been shown.

TABLE SCT V

FLY LEAF

This table relates to households of members of Scheduled Castes/Scheduled Tribes in a 20 percent sample of all households. The households engaged in cultivation have been classified by interest in land and size of land cultivated. The table is prepared only for the rural areas in the State and the districts. It is in two parts – Part A for Scheduled Castes and Part B for Scheduled Tribes. The interest in land is classified as follows :

1. Owned or held from Government.
2. Held from private persons or institutions for payment in money, kind or share
3. Partly held from Government and partly from private persons for payment in money, kind or share.

The first category refers to the total number of land holdings owned or held by virtue of possession as owner, namely, land held directly from Government under a grant, lease or assignment with rights of permanent, heritable and transferable possession or with rights of permanent, heritable possession but without the right of transfer or temporary or conditional leases of any kind entered into with the Government. Encroachment of Govenment land is treated as land held from Government, and is classified under the first category.

The second category includes land taken from private persons or institutions for payment in money kind or share with right of permanent, heritable and transferable possession, with right of permanent, heritable and transferable possession, but without the right of transfer and those held under various tenancies or tenures which may be broadly classified as follows :—

(i) Tenants holding land with permanent and heritable rights whose land cannot be resumed by the owner on ground of personal cultivation (such tenants may have the rights of transfer also in certain cases).

(ii) Tenants who have been given permanent rights subject to the right of resumption by the owner. (In some cases the tenant has the right to acquire ownership. In other cases, he does not possess this right).

(iii) Tenants holding land in areas where interim measures have been enacted for the stay of ejectment or for continuing the leases for a specified period.

(iv) Tenants holding land under temporary leases who are liable to ejectment.

(v) Areas held on condition of rendering service either to a village, community or the Government as in the case of service inams. (This also includes cases where labourers working in plantations are given bits of land for personal cultivation with permanent rights).

(vi) All lands taken for a fixed amount of money or a fixed amount of produce or for a share of the produce or for which money is paid, partly in kind and partly in the shape of cash and land held free of consideration.

If a household had land cultivated under both the first and second categories, it is classified under the third category.

The holdings are grouped into ten sizes in acres as follows :

Less than one acre
1.0 acre to 2.4 acres
2.5 acres „ 4.9 „
5.0 „ „ 7.4 „
7.5 „ „ 9.9 „
10.0 „ „ 12.4 „
12.5 „ „ 14.9 „
15.0 „ „ 29.9 „

TABLE ST I
FLY LEAF

This is a special table for Scheduled Tribes. It is prepared for the State and the districts and gives information regarding mother tongues, and bilingualism of Scheduled Tribes. Mother tongue is the language spoken by the person from early childhood. In addition to the mother tongue, a person may know some other language and this is given as subsidiary language. The name of the mother tongue is shown horizontally. Columns (4) and (5) contain number of males and females who have been returned as speaking a language subsidiary to that shown horizontally. Column (6) contains run-on lines of names of subsidiary languages, followed in each case in brackets, by number of male and female speakers. Figures regarding speakers of secondary languages who form only 0 to 5 per cent of the total population have been exhibited separately in the Appendix to the table.
